Do not bring large, bulky, or high valued items such as laptops or stereo systems.

Centre College and Player Development Programs, LLC, will do everything possible to

ensure that each camper is treated with respect along with their respective belongings. You should not bring items of high value; it only attracts unwanted behavior that we hope to avoid during camp. Centre College or Player Development Programs, LLC, cannot be held liable for stolen or lost property.

Laundry Facilities (coin-operated washing machines, dryers, and soap vending machines) are located in the residence halls.

While Centre College Resident Halls are air conditioned, often times a fan is good thing to have in the room.

In the evening, many Residential campers like to order a pizza with a friend. Papa John's offers a \$10 large one topping pizza for all our campers during the Senior School.
