

Recently I read an article in the NSCAA Soccer Journal titled Should I work this camp or that camp?

There were 9 points to consider when looking at camps: 1.) Gear, 2.) Distance to Fields, 3.) Accommodations, 4.) Food, 5.) Level of Players, 6.) Organization of the Camp, 7.) Social Entertainment, 8.) Finances, and 9.) Networking Opportunities. These are all areas where the Centre College Soccer Camp ranks very high.

- 1.) Each coach receives 2 Adidas shirts and shorts.
- 2.) Centre has the best soccer camp facilities in Kentucky. Air-conditioned dorms, new dining hall (all you can eat), 2 turf fields with lights, 2 Bermuda grass fields with lights, 1 Bermuda grass field, 2 indoor training spaces, technology enhanced classrooms and lecture halls, all within a *5 minute walk*.
- 3.) Our coaches do not have dorm responsibility as our Residential Director & Assistants stay in the dorms. Our coaches are housed separately from the players.
- 4.) The new dining hall at Centre is all you can eat and everyone seems to love the meal options.
- 5.) This camp has been helping teams prepare for the fall season going on 25 years! We provide video analysis of one game at camp to review with your team. Every year, teams from camp make deep runs into the state tournament. In addition, every year at least one player from camp has decided to play for Centre.
- 6.) This camp is notoriously well organized.

- 7.) Aside from the hospitality room set up for coaches each night we will hold a social at the Bluegrass Pizza & Pub on the final night of camp after the PDL River City Rovers play their match vs. the West Virginia Warriors. High school coaches in attendance will do a *Match Analysis* with the Rovers coaches and our Lecture Staff as part of this game. In addition, all high school coaches have their *CPR and First Aid certification done at camp free of charge.*

- 8.) First year high school coaches who work camp are paid \$525. All high school coaches do is coach their team during games. If you cannot work camp, we will assign a qualified coach to train your team. Our Lecture Staff run all training sessions.

- 9.) Our hospitality room, social at the Bluegrass Pizza & Pub, interaction with our Lecture Staff, and the experience to share ideas during our Match Analysis is unique to this camp. You will have plenty of opportunity to network while enjoying yourself in a fun camp environment.

I hope you decide to join us for our 25th Anniversary! To learn more about our camp, go to www.burchsoccercamps.com. We currently have limited team spots left.
